

DEMOLITION CHARGES

C4 (Composition 4), Charge Demolition

Product

- M5A1 is a 2.5lb charge (1.135kg) of C4 Plastic Explosive
- M3 is a 2.25lb charge (1kg) of C4 Plastic Explosive
- M112 is a 1.25lb charge (570gm) of C4 Plastic Explosive

Form

- M5A1 was packed in a PU clear plastic container, with threaded detonator well at both ends. The container is 11 3/4" by 2 1/4". The service container has been substituted with a Mylar film wrap, secured at both ends with a plastic twist tie. This wrap is olive drab with black stencilling.
- M112 is wrapped in Mylar, as M5A1.
- M3 was supplied in waxed paper. This can be supplied as standard or substituted for Mylar, to client requirement.
